Subject: FW: Delegation of NPL state concurrence to Ecology for Bradford Island?

Hi Jim,

I couldn't get a hold of Rebecca on this question. The listing rule is scheduled now to go out in early September. The Administrator is being briefed on June 2, which will hopefully give the green light to proceed with Bradford Island. If that's the case, we need to confirm state (Washington and Oregon) concurrence with the listing. Currently we have the letter from both directors of both Ecology and DEQ requesting that the site be placed on the NPL (Oct 2019), but I need to confirm that the governors have delegated authority for concurrence to the agencies. **Can you find out for me if this delegation exists and is in force?** If it is, then we can use the existing letter as long as we have confirmation that the governors' offices have been informed.

Thanks, Ken

Hi Rebecca,

Did you get a chance to check into this? If there's someone else I need to speak with let me know. Thanks! Ken

Hi Rebecca, Bob,

Just a quick update on the Bradford Island NPL listing. The listing rule is scheduled now to go out in early September. The Administrator is being briefed on June 2, which will hopefully give the green light to proceed with Bradford Island. If that's the case, we need to confirm state (Washington and Oregon) concurrence with the

Thanks in advance for your help! Ken
